

What do you call a journey of a lifetime?

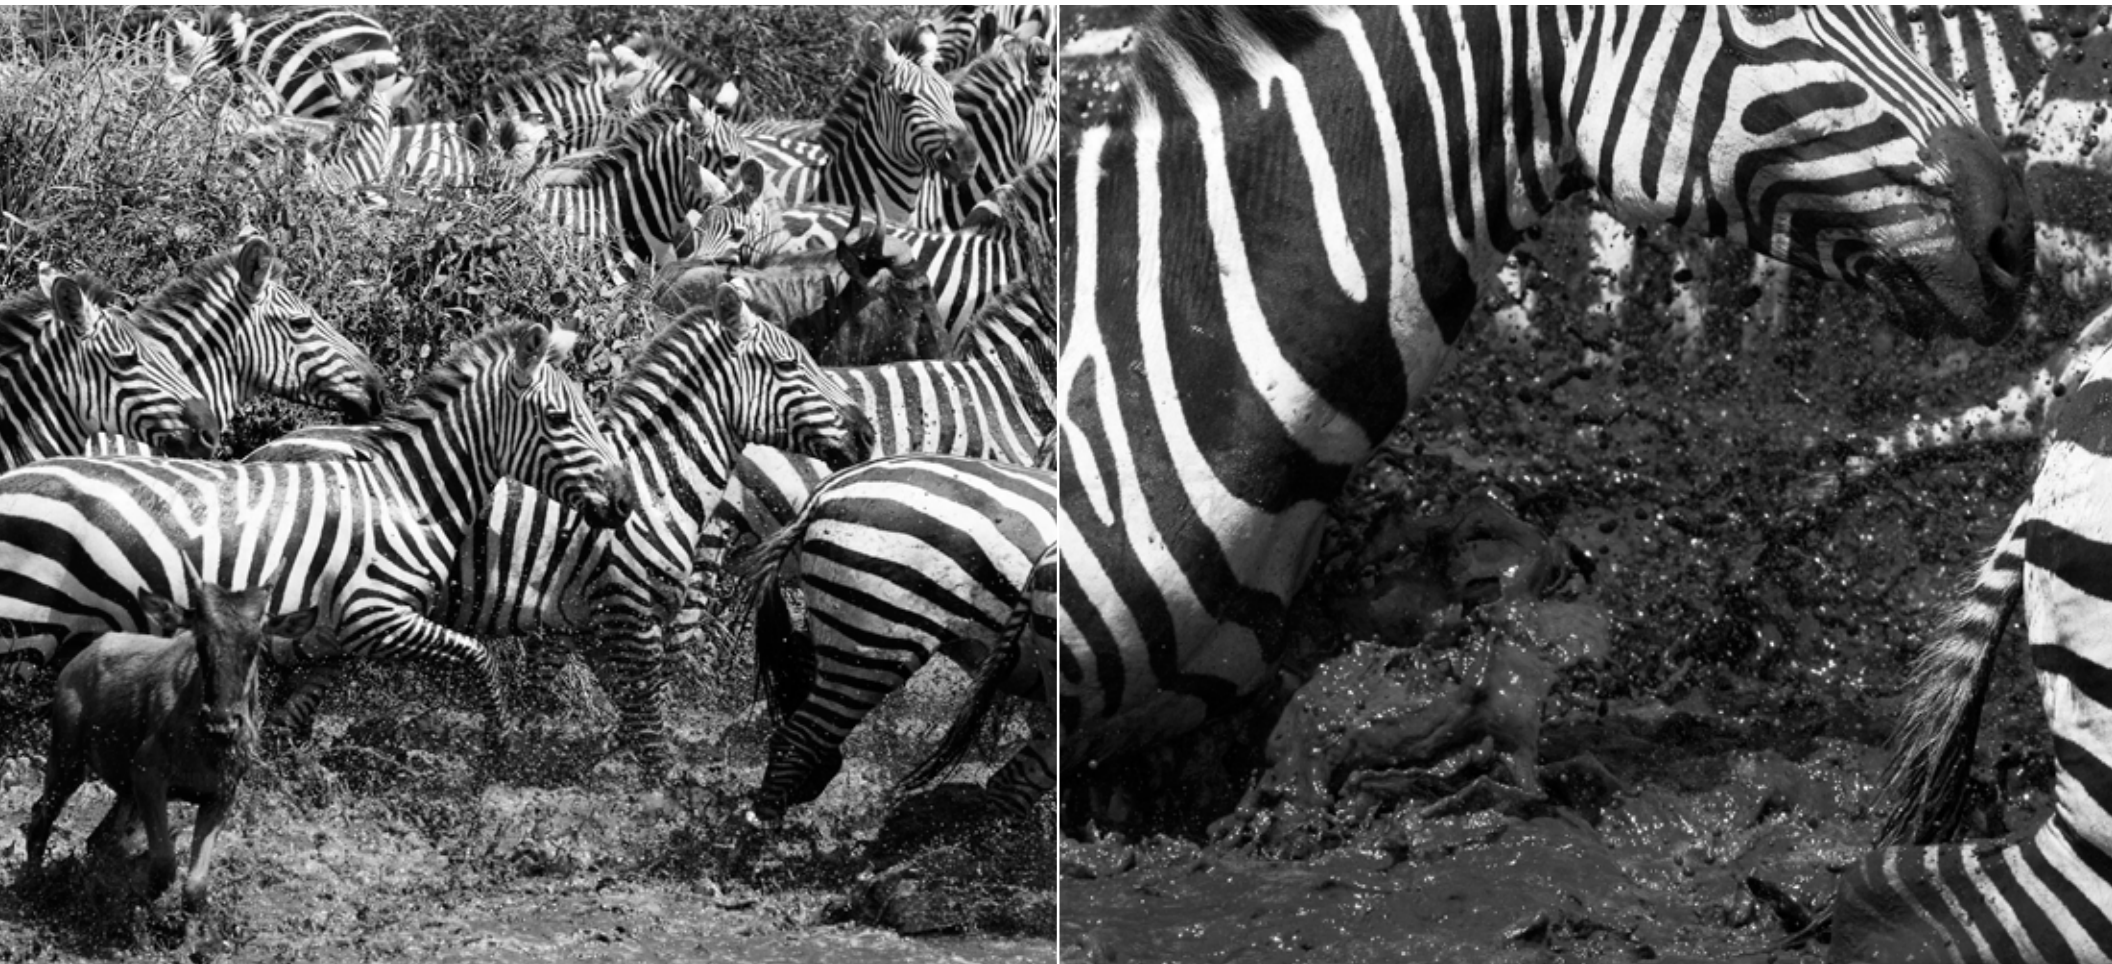

In Africa, it's called living out a dream:

to seek out the creatures of the earth, to go back in time and live as others did a million years ago, to feel the pulse of the wild, to be one with nature. Here is where familiarity fades and everything becomes new: new sights, new sounds, new experiences, and new feelings. Africa is unlike any other place in the world – nowhere else can wide open spaces to the slightest rustle leave your heart pounding. Africa is where your journey begins, where life is at its most primal.

What drives the behavior and movements of the wild?

The need to hunt, the call to live, the natural instinct to seek and defend territory. From the largest animal herds on earth to the most savage predators in the savannah to the millions more that lie in wait – you've never been so close to the power and majesty of the wild. You look up to an African sky so huge, you enter a landscape so beautifully raw, your heartbeat quickens at the untamed sights and sounds, and you think a single humbling thought: In Africa, wilderness rules.

What awaits after you've ventured deep into Africa's heart?

An intimate setting provides only the most intimate encounters. Retreat into your own private space that's calming to the soul. Echoing Africa's flora and fauna without compromising comfort, luxury and style, our camps and lodges play host to a limited number of guests, allowing for highly personalized service, and tireless attention to your desires. Engulfed in an essence that is both African and contemporary, you become much more than just a guest – you become family and friend, and it feels like home.

What makes an experience so powerful and memorable?

It's when luxury fits perfectly in the midst of wild beauty. In Africa, nature unfolds as you experience life's ultimate pleasures. There is nothing quite as special as sipping fine wine with the world's most spectacular sunset as your backdrop. A private outdoor bath, done under a spread of twinkling stars, becomes unforgettable. A feast of sublime cuisine in a savage setting becomes a sensual experience. Slumber in ultimate comfort and peace as the nocturnal rustlings and bustlings of the "bush" come alive, just footsteps away. The moment becomes your own and it is pure romance, pure relaxation, pure bliss.

ASIA TO AFRICA (“A TO A”) SAFARIS is an Asia-based safari company that specializes in arranging customized African safaris.

An African safari has always been an elusive dream for many in Asia. No one knows this better than investment bankers and **A TO A SAFARIS**’ founders Victor Dizon and Jose Cortes. As avid safari enthusiasts, they have experienced first-hand the challenges of organizing their own trips to Africa. As their passion for and knowledge of the continent grew, they soon found themselves organizing trips for their friends and families.

Today, they have transformed this passion into **A TO A SAFARIS**, the first and only safari company in Asia fully equipped with the knowledge, experience and relationships to organize a truly authentic, exclusive, safe, and seamless African safari.

Extensive Knowledge and Experience

As avid safari aficionados, we have been traveling to Africa regularly since the 1990s, and have been to all the major safari destinations. We have visited and stayed in all of the camps we recommend at various seasons of the year, and continue to do so. Aside from our thorough and extensive knowledge of the reserves, parks and countries we operate in, we give you first-hand insights into the subtlest nuances of each camp and lodge.

Customized and Personalized

A TO A SAFARIS is an independent safari consultant, and we personally meet with each client and tailor-make their safari to suit their interests, preferences, and budget. Every safari camp, itinerary, and activity is customized to fit your particular needs, down to the last detail – to ensure that you experience the time of your life.

Specialize in Africa

We specialize in planning high quality safaris solely to Africa. Africa is our second home where we indulge our passion in nature, wildlife conservation, and photography – and wherein a year is not complete without several trips to Africa. We assure you of personalized service, first-hand and current information on Africa, as well as the latest information on camps and lodges through our strategic partnerships in Africa.

Convenience

Being in the same time zone, we are able to provide you with expert advice in all aspects of planning your African safari in a timely manner. We take care of booking your entire trip – from land arrangements and air transfers, to accommodations and airport meets. After you have decided on the safari that best suits you, we will make all the arrangements and all you have to do is show up.

What they say about Africa & A TO A SAFARIS

“Having done two safaris with **A TO A**, one in Botswana and one in Tanzania, we fully understand and appreciate the value add that they create. Choosing the right place, at the right time of year, the right camp and the right guides would be a major project and the downside risk would be a bad safari. I wouldn't consider putting this together ourselves. Jose and Victor's passion for Africa is clear in the very personalized service they provide. We would in fact recommend **A TO A SAFARIS** to anyone in the world, not just those living in Asia.” *SG & MG, Hong Kong*

“The service and advice provided by Jose and the **A TO A** team was extremely professional and friendly. They listened to our wish list and customized a trip that met and indeed exceeded our expectations. They are passionate about Africa and wildlife and are very well informed about the areas and camps and readily shared their knowledge with us. They were always available to answer any questions we had during the planning stage and were prompt, courteous and indeed a delight to deal with at all times. We will definitely be talking to them again about our next African adventure.” *VR, Hong Kong*

“Going to the African continent has always been my fantasy and I am glad I have fulfilled it. **A TO A** made it possible to make the whole experience more enjoyable. Without their help we would have ended up in commercial places which we would have been disappointed in. This was my honeymoon and my best vacation ever that my wife and I will remember for life! I would recommend everyone to, once in their life, experience Africa the way we did.” *SK, Bangkok*

“I would like to say that the trip went very well and to our fullest satisfaction as a result of **A TO A SAFARIS**' helpful attitude, the care taken in making the arrangements, the right advice/suggestions and most of all **A TO A** going out of its way to make the trip enjoyable. I have no hesitation in using **A TO A SAFARIS** for a second trip as well as recommending it to any of my friends or relatives.” *SGS, Singapore*

“Our trip to Africa was one of the best trips I have ever made. The experience was totally amazing and different. I honestly think it's a MUST that one should do this kind of trip at least once in their lifetime.” *DN, Manila*

“We have recommended our friends to **A TO A** because we know they will be in good hands and will be well taken care of. Jose and Victor are very knowledgeable and passionate about safaris, know the camps well and the activities available at the camps, and are able to custom-tailor trips to match the objectives of the clients.” *TP, Singapore*

“**A TO A SAFARIS** has certainly lived up to their motto of “Come on safari with us, we offer you only one caution – it's addictive” because I'm already booking my next trip with them!” *MW, Bangkok*
